The syllabus for the IIIrd M.B.,B.S. requires the attendance of the students in the Paediatric, Orthopaedic and Dental departments. While sanction has already been accorded for the appointment of an Honorary Assistant Medical Officer in Paediatric section (vide G.O.Ms.No.134, Health, dated 11-1-1955), I find that no proposals have so far been sent from this college for appointment of an Honorary Assistant Medical Officer exclusively for Orthopaedic section.

As far as the Dental department is concerned, the post of an Honorary Assistant Medical Officer for the Dental department exists at present. If the qualifications of the present incumbent are considered quite suitable by the Indian Medical Council, there won't be any need to appoint another person for giving clinical instruction in this subject.

The students who joined the clinical course in January last will be required to attend the Orthopaedic department in batches from next January. As such, it follows that an Orthopaedic department in the Wenlock Hospital will have to be created.

I request that the Government may kindly be addressed to sanction the post of an Honorary Assistant Medical Officer in Orthopaedics for the Wenlock Hospital. As soon as the sanction is obtained, the question of appointing a person exclusively for Orthopaedics can be taken up.

Yours faithfully,

Sd/- Dr.M.V.Ramanamurti.
